

CURRICULUM VITAE (CV)

PERSONAL INFORMATION:

First name: Seyed Mehdi **Surname:** Kalantar
Status: Married **Nationality:** Iranian
Current Position: Prof. Molecular Cytogenetic

D.O.B: 12 August 1959 **Sex:** Male

smkalantar@yahoo.com/kalantarsm@ystp.ac.ir
Research & Clinical Centre for Infertility
2-Bou Ali Ave, Safaeyh, Yazd-Iran

Tel: #98 351 824 7085 **Fax:** #98 351 824 7087

EDUCATION AND QUALIFICATION

B.Sc,BIOLOGY, 1982, Faculty of Sciences Ahwaz University, Iran.

MSPH. ,MEDICAL ENTOMOLOGY & VECTOR CONTROL, 1988, School of Public Health, Tehran University of Medical Sciences, TEHRAN-IRAN

PhD, MOLECULAR BIOLOGY OF REPRODUCTION (Pre-Implantation Genetics Diagnosis), 1996 Title of thesis "Fertilization failure following IVF treatment cycles..." from **Department of Obstetrics & Gynaecology (Jessop Hospital for Women) - Sheffield Fertility Centre with collaboration of Department of Molecular Biology & Biotechnology, University of Sheffield-UK.**

- **Scientific visitor:**Medical University Lubeck, Lubeck Germany, 2000
- **Scientific visitor:** Applied Imaging Co. Newcastle, UK, 2000
- **Scientific visitor.** Institute of Medical Genetics, FISH Lab, Yorkhill Children Hospital, Glasgow, UK, July – Nov. 2005
- **Scientific visitor & collaborator research:** University of Pavia, Italy. Sep.Dec. 2008
-

EMPLOYMENT & EXPERIENCE:

- From Sep. 1988 to June 1993: Lab instructor and lecturer of certain topics of Medical Parasitology
- From Oct. 1991 to June 1993 and from March 1996 to present date, member of Education Development Centre (EDC) of S.S. University of Med. Sci.Yazd.
- From March 1996 to Present date, Researcher in field of Reproductive and Genetic and supervisor of Andrology Lab in Research & Clinical Centre for Infertility, Yazd
- From March 1996 to Present date, Associate Professor in Medical Genetics in Medical School, Lecture of Genetics course for Medical, Nursing & Health students of Yazd Medical University
- From Oct. 1997 to Present date, Director of Computer network and Data base of Research & Clinical Centre for Infertility, Yazd (Bio-informatics Unit)
- From March 2000 to present date: Member of University Research council
- From March 2000 to present date: Member of Research & Clinical Centre for Infertility's Research Committee

- From February 1999 to present: Member of University Total Quality Management (TQM)'s Committee
- From January 1999 to 2002: Member of Health System Research (HSR) Committee
- From March 2000 to present: Director of Statistical & Research Method Commission
- Editorial advisory board of J. of S.Sadoughi Univ. of Medi. Scie. Yazd
- Scientific member of Iranian Society for fertility and Infertility Association
- Scientific member of Iranian Society for Genetics Association (ISGA)
- Member of Research committee of The Iranian Molecular Medicine Network, Tehran, Institute Pasteur, since 2002.
- Director of Medical Biotechnology & Genetic engineering Incubator Yazd Science & Technology Park, since 2002.
- Member of Technology and research group of Management and Programming Organization-Yazd from 2000
- Editorial advisory board of Iranian Journal of Reproductive Medicine (IJRM) Yazd
- Editor of Toloe Behdasht.Official Journal of Health School, since 2004.
- Scientific director of 2nd International student's awards in Reproductive medicine, 2007, Yazd-Iran
- Project manager of Infertility Digital Library (JINET)
- Project Manager of Semi-Virtual Incubator, Abarkoh Yazd-Supported in part by InfoDev (World Bank)

THESIS:

Advisor:

- Medical student's thesis: Survey on different phenotype of class I, HLA in NIDDM patients who were referred to Yazd Diabetic Centre, 1999, Yazd Medical Sciences University
- Medical student's thesis: Predictive power of HOS-test on IVF results, 2000, Yazd Medical Sciences University

Supervisor:

1. Medical student's thesis Determination of common risk factor in Down's children who are supported by Yazd Welfare Organization. Yazd Medical Sciences University, 2001.
2. Medical student's thesis: The survey on sex chromosome abnormality and male infertility, Yazd Medical Sciences University, 2002.
3. MS student's thesis: Survey on methods for sperm freezing using different media, Shahid Behshti University – Tehran, 2002.
4. MS student's thesis: Application of micro satellite markers for transgenic animals. Pasture Institute, Tehran, 2001.
5. PhD student's thesis: The effect of sperm freezing on acrosome reactive potential of human sperm, Isfahan Medical Sciences University, 2002.
6. PhD student's thesis: The role of sperm function ability on fertilization failure at ART treatment cycles, Tehran Free University (Azad), ۲۰۰۴
7. MS student's thesis: The relationship between female LH, FSH level and egg abnormality in ART treatment cycles. Payam-e- Nor University-Isfahan, ۲۰۰۵.
8. MD student's thesis: The influence of genetic factor on Recurrent Pregnancy Loss. Yazd Medical Sciences University, 2004.
9. MD student's thesis: The abnormalities of pubertal development and relevance of its genetics aspect, Yazd Medical Sciences University, 200۵.
10. MSc students' thesis: The incidence of Chlamydia trichomatos in infertile women using PCR, Fars Azad University, 2006,.
11. MSc Students' thesis: Relationship between Embryo Quality and Maternal Age in Nominated Transgenic Animals, Payam Noor University, ISfahan, 2007
12. MSc Students' thesis: A survey on survival rate of oocyte after freezing by slow & vetrification. Tarbiat Moallem University, Iran-Tehran, 2008
13. MSc Students' thesis: Effect of FSH and other para meters on the in vitro growth & maturation of follicle enclosed mouse oocytes. Faisalabad University, Pakistan, 2007
14. PhD student' thesis: Genetics aspect of male Infertility, the role of Y chromosome microdeletion. Azad University, Tehran-Iran, 2009.

15. MSs Students' thesis: The chemical assessment of seed essence and the comparison of anti oxidant effect among three native medical plants in the Yazd province, Shahid Behshti University, Tehran-2010.
16. PhD student' thesis: Molecular study of internal apoptotic pathway BAX & BCL2 genes & mitochondrial Genome in idiopathic repeated pregnancy loss, NIGEB-Tehran-2010

WORKSHOP:

Attendance:

A-National:

- Training for communication skills in Computer Networking, Research Deputy of Ministry of Health and Medical Education with collaboration WHO, Feb, 1998, Tehran.
- Problem Base Learning, Yazd University, EDC, 1999
- New finding Laboratory 's and molecular diagnosis of Thalasemia mutation, University of Welfare Science & Rehabilitation-Tehran,, Dec. 1999

B-International:

- Computerized Genetics Analysis of chromosome constitution (Conventional & Molecular-FISH) on CytoVision, Applied Imaging International, New Castle UK, July 2000.
- Laser Biopsy, FISH & CVS techniques, Lubeck IVF Centre & Institute for Genetic, Medical University Lubeck, Germany, August, 2000.

Lecturer:

- Research Methodology, Research Deputy, Yazd Medical Sciences University, 1997-2005 (12 workshops)
- Introducing to Evaluation: Education Deputy, EDC, Yazd Medical Sciences University, 1992-1998 (6 workshops)
- TQM workshop, Yazd Medical Sciences University, 2000 (10 workshops)
- Molecular investigation, The 3rd National Congress of Biotechnology. Iran, Mashhad, 2003
- National Genetics Counselling Workshop for GP, Iranian Welfare Organization, Tehran, 2005
- National Genetics Counselling Workshop for Nursing, Iranian Welfare Organization, 2005
- Fetal cells isolation from maternal blood for prenatal non-invasive genetic investigation, International Student's awards, Yazd-Iran, 2007
- National Genetic counseling Workshop for GP, , Iranian Welfare Organization, Birjand, 2009
- National Genetic counseling Workshop for GP, , Iranian Welfare Organization, Semnan, 2010

Laboratory Setting:

- Cytogenetics Labrotory in Yazd Medical Sciences University, Research & Clinical Centre for Infertility, 1999
- Cytogenetics Laboratory in Yazd Welfare Organization, 1999
- Molecular & Cytogenetics Laboratory for PIGD (Pre-Implantation Genetics Diagnosis) in Madar Hospital, Yazd, 2000
- Medical BioTechnology Incubator in Yazd Science Technology Park with collaborating of Medical Sciences University, Yazd-Iran
- A member of consortium team (Yazd Science & Technology Park (YSTP), Zernik Co. UK and Cyber Park, Turkey) from YSTP for establishment of Tehran IT Park, 2004 to 2005.
- Establishment of Semi-virtual incubator to support women and young people in the poor area (semi-virtual Techno center in Abarkoh-Iran). Supported partly by InfoDev-World Bank

Scientific committee member:

- Genetic section of 1st International, Royan Award, Tehran, 2000
- Embryology section of 1st International, Royan Award, Tehran, 2000
- Genetic section of 2nd International, Royan Award, Tehran, 2001
- Genetic section of 3rd International, Royan Award, Tehran, 2002

- Journal of Medical Sciences University, Yazd.
- Genetic section of 4th International, Royan Award, Tehran, 2003
- The 2nd Iranian Congress of Genetics Disorders & Disabilities (ICGDD), Tehran-Iran, 2002
- Human Genome Diversity In Islamic Country, NRCGEB, Tehran-Iran, 2002.
- The 3rd National Congress of Biotechnology. Iran, Mashhad, 2003
- The 8th Iranian Genetics Congress, Tehran-Iran, 2003.
- The 10th Iranian Congress of Fertility & Infertility, Tehran-Iran, 2003.
- Genetic section of 5th International, Royan Award, Tehran, 2004
- Iranian Journal of Reproductive Medicine
- The 4th National Congress of Biotechnology. Iran, Kerman, 2005
- Genetic section of 6th International, Royan Award, Tehran, 2005
- The 1st international student's awards in reproductive medicine, Yazd-Iran. Dec.2005
- Genetic section of 7th International, Royan Award, Tehran, 2006
- The 2nd international student's awards in reproductive medicine, Yazd-Iran. May.2007
- Genetic section of 8th International, Royan Award, Tehran, 2007
- Genetic section of 9th International, Royan Award, Tehran, 2008
- The 3rd international student's awards in reproductive medicine, Yazd-Iran. May.2009
- Genetic section of 11th International, Royan Award, Tehran, Sep. 2010

Projects:

- The effect of familial marriage on educational progressive of pupils
- Survey on chromosomal breakage in Radiologist technologists from Yazd hospitals.
- Survey on Chromosome-gene defect on infertile men.
- Cytogenetic analysis of unfertilised oocytes following IVF.
- Relationship between abnormal sperm DNA and fertilization rate in IVF treatment cycles.
- DNA bank of infertile couples
- Rapid & Non-Invasive Selection of Transgenic Embryos Before Implantation
- Establishment of Semi-virtual incubator to support women and young people in the poor area (semi-virtual Techno center in Abarkoh-Iran). Supported partly by InfoDev-World Bank.

Congress and Seminars:

A- National:

1. Kalantar SM., The role of In Vitro Fertilization on detection and prevention of Genetics Disease. Preventioan of congenital abnormality and Genetics disorders. Hamadan. 1997.
2. Kalantar SM. 1999. The role of IVF in prevention of Genetics Disorders, Medical Genetics Seminar, Eastern Azarbaijan Welfar Organization, 1999, Tabriz
3. Kalantar SM.1999. Methods for detection of Genetics disease before birth using IVF treatment cycles. The first national congress of Genetics Disoredrs and disabilities in Iran, University of WelfareSciences& Rehabilitation, 12-14 Apr.Tehran.
4. Kalantar SM and Vahidi S. 1999. The role of genetics counselling for infertile men with obstructive vas deference in ICSI programm.The first national congress of Genetics Disoredrs and disabilities in Iran, University of WelfareSciences& Rehabilitation, 12-14 Apr.Tehran.
5. Kalantar SM Semen analysis (ejaculate) and the role of function tests. 3rd Seminar on Infertility, Tehran, Royan Institue. 1998.
6. Kalantar SM., et al., Fertilization failure following ICSI using acrosome less sperm. The 4th Iranian congress of Anatomical Sciences. Tehran. Nov.1999.
7. Kalantar SM., et al., Sperm morphology of infertile men: Comparison of staining and wet preparation methods. The 4th Iranian congress of Anatomical Sciences. Tehran. Nov.1999.
8. Hadji Maghsodi., Kalili., Kalantar SM. The effect of stimulation drugs on uterine wall of Rat. The 4th Iranian congress of Anatomical Sciences. Tehran. Nov.1999.
9. Kalantar SM. Abnormalities following ART treatment cycles and prevention to be reduced possilibilty of anomalies. 4th Seminar on Infertility, Tehran, Royan Institue, Jan. 2000.
10. Kalantar SM., et al., Sperm with Normal DNA recovery: comparison by sperm preparation. The first national congress of Biotechnology of Islamic Republic of Iran. 2000.
11. Mir-Rokni., Khalil., Kalantar SM., The application of vital test on asthenospermia sample. The 8th Iranian Fertility and Infertility congress-Tehran, April. 2000.
12. Kalantar SM et al., Comparison between isolation ability of sperm with normal DNA by Percoll with swim-up and application of its in unknown infertility. The 8th Iranian Fertility and Infertility congress-Tehran, April. 2000.
13. Kalantar SM., et al., The acrosome reaction ability of rhuZP3 in treatment of infertility in ART cycles. The 8th Iranian Fertility and Infertility congress-Tehran, April. 2000.

14. Kalantar SM., Inheritance disorders diagnostic using Molecular and reproductive technology. Symposium on Genetics and Reproductive BioTechnology. Avesina Institue. Tehran. 2000.
15. Aflatounian A., & Kalanatar SM. Genetics of Infertility. Seminar on Genetics of malformation. Yazd-2001
16. Kalantar SM., et al. Application of OGD in embryo for X-linked disorders. Seminar on Genetics of malformation. Yazd-2001
17. Ebrahimi. A., Fazli. H., Khodai. H & Kalantar SM. Evaluation of cell culture following using different concentration of Tymidine. Seminar on Genetics of malformation. Yazd-2001
18. Kalantar SM. , et al., , **2002**.The first DNA bank of infertile couples in Iran. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran.
19. Kalantar SM et al., , **2002**.Chromosome duplication through the one generation of three infertile brothers: Case report. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran,
20. Kalantar SM., et al., , **2002**. Mautration arrest in MI stage oocyte in an unexplained infertile couple. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran.
21. Ostadi. F., Shaghadami M., Ebrahimi A., Kalantar SM. , **2002**. Report of three cases f Anosmia in a family from Hamedan. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran,
22. Seyed Hassani SM., Kalantar SM., et al. , **2002**.Cytogenetics study in cases with repeated pregnancy loss in Yazd. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran,
23. Kalantar SM., et al., , **2002**.The comparison between the effect of pouring off and aspiration of supernatant through harvesting stage of karyotyped. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran, December
24. Kalantar S.M, Fazli M, Ebrahimi A, Khodai H, seyedhassani S.M; The usage of PIGD technique in diagnosis of fetuses with sex- linked diseases; infirmities genetics congress; Yazd , Iran, 5-6 Mar. 2002
25. Seyedhassani S M, Kalantar S.M, Fazli H; Presentation of three brothers with chromosomal aberrations; the second Iranian congress of medical genetic counseling; Isfahan; Iran, 18-19 Dec. 2002
- 26.Seyedhassani S M, Kalantar S.M, Fazli H, Khodai H, Aflatoonian A, Karimzadeh M.A ; Repeated pregnancy loss; The Third Iranian congress of medical genetic Counseling;Yazd; Iran, 6-8 Jan. 2004
27. Behjat M., Kalnatar SM., Seyed Hassani. , **2002**Study of inheritance pattern in congenital heart disease in Yazd. The 2nd Iranian Congress of Genetic Disorders & Disabilities, Tehran, December.
28. Kalantar SM., Fazli H., Ebrahimi A., Khodai H., Seyed Hasani SM., & Aflatonian A. **2003**The relationship between chromosomal Anomaly & Repeated spontaneous abortion. The first Congress Of Early Detection of Diseases. May 13-15, Hamadan, Iran: 121
29. Ebrahimi A., Ostadi F.,..., Kalantar SM., Fazli H., Khodai H., Najm Abadi H. **2003**. Detection of 35 delG Mutation frequency in Connexin -26 Gene among Deaf Patients Using ARMS-PCR, in Hamadan Province of Iran. The first Congress of Early Detection of Diseases. May 13-15, Hamadan, Iran: 171.
30. Ebrahimi A., Ostadi F.,..., Kalantar SM., Fazli H., Khodai H., Zeinali S. **2003**. Detection of beta-thalassemia Mutation in affected family of Hamadan Province using ARMS-PCR. The first Congress Of Early Detection of Diseases. May 13-15, Hamadan, Iran: 172.
31. Ghahramani S., Kamrani SE., Ebrahimi A., Ostadi F.,..., Kalantar SM., Fazli H., Khodai H. **2003**. Rule of clinical examination in roll out of chromosomal abnormalities. The first Congress Of Early Detection of Diseases. May 13-15, Hamadan, Iran: 271
32. Kalantar SM., Seyed Hassani SM., Fazli H., khodai H., Ebrahimi A. **2003**.The preliminary report of DNA Bank of the rare genetic disorders. 8th Iranian Genetics Congress. May 20-22. Tehran-Iran: 91.
33. Kalantar SM., Fazli H., Khodai H., Ebrahimi A., Seyed Hassani SM., Aflatonian A., Karimzadeh MA. **2003**. The relationship between chromosomal anomaly and repeated spontaneous abortion. 8th Iranian Genetics Congress. May 20-22. Tehran-Iran.
- 34- Khodai H., Kalantar S.M. Ebrahimi A.,Dehghani A.,Abhaji M.,Tashakor M., Sahafnia N., Seyedhassani S M, Fazli H.,Ganimat M.H. ; Chromosomal translocation t(3;22)(3q21;22q12); The Third Iranian Congress of Medical Genetic Counseling;Yazd; Iran, 6-8 Jan. 2004
35. Kalantar SM Qulaity control in Genetic Laboratory, National congress on Laboratory, Tehran-**2004**.

36. Kalantar SM, Seyed Hassani SM, Aflatoonian A, Sheikhha MH, Houshmand M; The Genetic status of recipient and donor for egg and embryo donation who were referred to Yazd infertility centre; 9th Iranian genetics congress; Tehran; Iran, 2006
37. Kalantar SM. The application of PGD for diagnosis of Genetic disorders, National Neurogenetic conference, Dec, 2009-Tehran-Iran
- 38- Kalantar SM., Sedhassani., Khodai H., Fazli H., Rasti. The genetics aspect of male infertility. 11th Natinal Congress of Genetic. Tehran June.2010.
39. Kalantar SM ., The Genetic aspect of Infertility & Repeated Pregnancy Loss, National Rehabilitation seminar , Birjand. Dec. 2009
40. Kalantar SM ., et al., The Genetic role of male abnormalities in infertility and RPL, National Congress of Genetic, Tehran, June, 2010.
41. Kalantar SM ., et al., Genetic of Infertility & Repeated Pregnancy Loss. National Rehabilitation seminar, Semnan, Sep. 2010.
42. Golza eh. M., Saeb F.,....., Kalantar SM., Case report: An inversion of Chromosome No. 12, National Rehabilitation seminar, Semnan, Sep. 2010.
43. Khodai H., Tayebi N., Abhaji M., Kalantar SM. Case report : Repeated Pregnancy Loss related to 46,XX, t (4,14)(q21;q32). National Rehabilitation seminar, Semnan, Sep. 2010.

B- Interational:

1. Kalantar SM., et al., Phospho tyrosinexpression of P95 sperm receptor & fertilization failure following IVF. 4th Annual Meeting of MEFS., Dubai., 1997
2. Kalantar SM., et al., Sperm Function Test following IVF failure. 4th Annual Meeting of MEFS., Dubai., 1997
3. Kalantar SM., et al., Fertilization failure of IVFpredictive power of SFT. Andrologia. Symposium on Andrology. Gissen. Germany, 1998
4. Kalantar SM., et al., Evaluation of a cut-off level for DNA normality of sperm to predict fertilization failure following IVF-ET. 5th Annual Meeting of MEFS. Amman. Jordan, 1998.
5. Vahidi, Moshthagion. Kalantar SM., Comparison of success rates between epidydimal& ejaculated sperm in ICSI program.5th Annual Meeting of MEFS. Amman. Jordan, 1998.
6. Vahidi., Kalantar SM., Comparion between sperm parameterts aspirated from epididymal of right and left testis. 5th Annual Meeting of MEFS. Amman. Jordan, 1998.
